## MESSAGE FROM COACH LARSON

As high school coaches, we know we want our players to have the self-discipline to work out on their own and to do more than just play. Having had the opportunity to be a high school coach for twenty eight years my best teams, teams that won conference championships and competed for state titles, were tremendous offensively. Everyone playing had the ability to put the ball on the floor, make plays, and make shots. These abilities were developed in the off season and at Take It To The Rim Basketball Camp. Running Take It To The Rim Basketball Camp is an extremely serious endeavor. Watching a camp session, I would hope you see someone passionately teaching the game of basketball. Each camp session is carefully planned to maximize the number of quality repetitions a player achieves. Each camper has a basketball and there is no down time. I want this to be an intense learning experience, increasing the work ethic, effort, confidence, and enjoyment for each camper. When returning home I would hope you would see a more energized player who is working for a purpose. I know that is what I want as coach. Having had the opportunity to watch Sean Miller, Billy Donovan, and Rick Pitino run individual instruction has helped me to put together a quality individual instructional program. If you have any questions regarding camp, please do not hesitate to contact me. I hope to have the opportunity to work with your players this summer.

### Topics Covered at Camp:

# LISTEN TO WHAT THE COACHES AND PLAYERS ARE SAYING

*"Forrest Larson is proof that you can be a great teacher of the game no matter where you are. I would send my son or daughter to the Take It To The Rim Basketball Camp in a New York minute."*

Dick Bennett

*"Forrest is one of the best I have ever seen working with young players improving their dribbling and ball handling skills. Our staff and players always look forward to inviting him to the Iowa Basketball Camps each summer."*

Steve Alford

*"At the Take It To The Rim Basketball Camp you will use many of the same drills that we use in our own individual instruction program. The Take It To The Rim Basketball Camp is one of the best instructional and skill development camps in the country. "If you are serious about putting in the time and effort that it takes to become a better basketball player; I would strongly recommend the Take It To The Rim Basketball Camp be a part of your summer schedule."*

Billy Donovan

*"No one spent more time with me getting me ready for the 2000 NBA draft than Tom Ostrom. The drills and workouts that you will be taught at the Take It To The Rim Basketball Camp are the same ones Coach Ostrom put me through before my pre-draft workouts. Without question these drills helped me become a much better basketball player and played a large part in me becoming the 5<sup>th</sup> player taken in the 2000 NBA draft."*

Mike Miller-Former Florida Gator
